WHY THE U.F.A. ARE IN POLITICS

A Discussion of The Issues Involved In The Cochrane By-Election --- By H. W. Wood

President Wood, speaking at Cochrane, Wednesday evening, Oct. 22nd said:

"Some things have happened in the last day or so, that are a little bit unusual among law abiding, sane, sensible people. I don't know whether these things are unusual or not among certain class of politicians, political leaders and time servers for the big interests of the east, but as it happened to be at the storm-center, I want to tell you what this tempest in a teapot has been about. Before I begin a discussion of the principles of the organization that I represent, and of our movement, I want to tell you why I am here. I have no personal interest to serve whatever. I do not expect to get anything out of this except in so far that it brings about an improvement of the conditions of the people of this province."

"I did not want to come into this riding, one reason being that I did not think that I had the time. I hoped that I would not be called upon, but I have been invited by the executive of your political organization chosen by the people of this district; the people who are trying to run their own affairs in their own way, invited me to come out and discuss the principles of our movement with the people of this district and I can do."

Politics the Business of the People

"Now if the people of this district have not got the right to manage their own affairs, and have not got the right to ask a man to represent them in this riding, then I have no right here. If this riding of Cochrane belongs to the political machine at Edmonton and to the newspapers of Calgary, I have no right here. The only issue involved is, 'Whose business is this anyway?' Is it the business of the people of the Cochrane riding, or the business of the big interests of the east, represented by a splendid press in Calgary, and by the provincial government at Edmonton, whom you people elected wisely or unwisely to office?"

"This is a question which we want to settle. I think it is your business. It is in it that you people are doing that it is so terribly bad and that has caused the whole government of the province and the press of Calgary to turn against you? You are just the same people that used to be in the Liberal and conservative parties. Your vote was perfectly good just as long as you used it to elect those parties. Now that you are trying to use it to elect a man of your own it is all wrong."

"A few days ago the Calgary Herald, which has been hissing us on to the Liberal party in the province for a long time, said that would have been the U.F.A. political movement. They said the reason had to do with that was because they were opposed to class domination. I was surprised when I read that. I do not know how long the Calgary Herald has existed, but it has been in Calgary for the last 14 years during my residence in the Province of Alberta. In that time it has been a reign of absolute class domination in Canada, and has never once discovered that it was opposed to it until the U.F.A. movement in this little riding of Cochrane might grow to dominate the Alberta Legislature. Where did it get this change of heart? Was it that started this talk about class domination? Not one single word or syllable has been said by us, but they have contended class domination for 14 years that I know of without making any protest, but that was because the class that they wanted to dominate was dominating them, and because the class that they are afraid might dominate they don't want to dominate. Now that all there is to it. You cannot possibly make anything more out of it."

"Now they say that Mr. Farby and myself, at Crossfield, gave a 'clean bill of health' to this government. Bless your heart, we are not veterinarians, and we do not examine it. We

did not determine how sick they are or how soon they will die. We must set up there on another mission. We did say, both of us, that the Honorable Chas. Stewart was an honorable, upright citizen, doing the best he could under difficult circumstances, and I declare that. If I have got to tear down the character of an honorable man in order to build up something that I want, I am not going to build it up. If we have not got better material than personal slander, we had better, as a representative of the government at Edmonton told the U.F.A. convention, in 1912: 'Go home and stop your hogs.'"

What is Responsible Government

"They have got a lot of stuff about socialism. They say that we are advocating soviet form of government. I am sorry that I do not know what a soviet government is. I will tell you what we are trying to do, and if you know what soviet government is you can make the comparison. I think, however, that group organization is connected with soviet government. That is all I know about it, and that is what the newspapers know no more about soviet government than they do about the U.F.A.—that is if they are telling the truth—I would not give a snap of my finger for all the information they can give you. They hold me up as a bad Yankee that has come up here to destroy British responsible government or something of that sort."

"If by responsible government they mean the party system on which they run the democracy of the British Empire has been tortured for the last 100 years, it is no wonder that democracy has grown so thin and weak."

"For party nourishment is just about as thin nourishment as I ever heard of anybody taking. Mr. Farby has told you that the British Labor party in the House of Commons has been one of the strongest forces in the government of that country in recent years. The Yankees had nothing to do with that. In old Ontario, a few days ago where the bad Yankees did not go and where the wicked don't trouble them at all, so far as party government is concerned, the farmers simply kicked the clock down and kicked it clear out of the window. We are taking a lead from old Ontario. Bless their heart. May they live forever. I thought she was dead, but she has raised up something I think must be a ghost, because the old parties are more afraid of it than the devil is of holy water. What is this horrible uprising of the 'bookeh'?" It is worse than the KludKlux Klan that they used to use in Canada because the British Empire was never destroyed by so few people before."

Partism at Work

"What is the offense that you people have against the U.F.A. that you are around in a quite way and organized your people into little local and district groups? You are going to protect your interests, and among other things you have decided that you are going to use your franchise more intelligently than you ever did before. No autocrat ordered you what to do. You got together in your localities and your local groups in conversation and decided what you were going to do. You picked out in your candidate my friend Mr. Moore. He is a harmless looking fellow; you would not think he is vicious. At any rate you decided he was good enough for you. I don't see why you have not got the right to do that, but the government at Edmonton and the Calgary newspapers object to it; they say it is dangerous and all wrong. Yet at Red Deer two or three months ago they came to us and said: 'We are just alike; we are two of a kind; we are twin brothers. Let us get together, or those bad conservatives will eat us up.' Now we aren't any better than they were at Red Deer. May be they are. They sent us another proposition from Red Deer the other

day. They are very anxious to hook up with us and want us to carry their up with us as they are going in. They have a great catastrophe has happened. I understand the Liberals have already proposed to the U.F.A. that they form a coalition government. I guess in Ontario they are two of a kind again."

"Now what is all this about? What is all this in Calgary Herald and that stuff of Jim McEwen? They have said a whole lot of meaningless things that did not explain one single solitary thing to you. They are trying to get you in utter confusion and when they get you there, they appeal to the most vicious elements in you, which are your passion and your prejudice. They are doing that to prevent you from voting as intelligently as you can for the interests of this riding, the Province and the Dominion. They say that class organization is going to break down the British constitution. If that is so it is already broken down in Great Britain and Ontario, and if things go on as they are going in Alberta we won't have but one party."

Group Organization Necessary

"What is the U.F.A.? It is a class of group organization; now I don't want any mistake about that. We have never said a word about class legislation, but they have talked about it and tried to put it into our mouths. We have never said a word about class domination, but they have said it and tried to put it into our mouths. They say that class organization is going to break down the British constitution. If that is so it is already broken down in Great Britain and Ontario, and if things go on as they are going in Alberta we won't have but one party."

"Where did the idea of class organization come from? The farmers were the last class to begin to organize. Class organization began for the laboring class of mechanics had created a capitalist manufacturing class controlling the labor of others. The manufacturers began to combine themselves in order to compete more successfully against other classes. That is really where class organization began, and the farmers are only coming in at the end. The manufacturers' class were not numerous enough to influence government with their votes, therefore they combined and used their money to influence governments to eliminate the competition to other nations, and then they had the unorganized classes in their own country absolutely at their mercy. They did this by class organization. That organization went on through all plutocratic groups, and then all the plutocratic groups began to cooperate with each other, not in an organized way, but in a loose, different groups against the unorganized or democratic groups."

"Why did farmers organize as a class? Simply because we were driven to organize in order to develop enough strength to protect our class against their organized competition. The organized plutocratic classes had dominated Canada for the last 20 years, and have never represented the class five per cent of the people of Canada, and they have ruled the 95 per cent with absolute ease. That is the reason we organized, and we have got the right to organize, and the only way in which we will accomplish anything."

Groups Can Work Together

"Why did we not take all the people into one organization? Simply because that would be impossible. We must have some basis of organization. The democratic organization is the most difficult enterprise the human race ever engaged in. What is the common basis which we have as farmers? The farmers of Canada are affected by the economic evils of our social and commercial system all in the same manner and that is why we can organize with a common viewpoint. I was represented as saying that we would not have anything to do with the U.F.A. organization. There is not a word of truth in that. Labor is affected in a different way by economic evils than we are, and if we were to undertake to organize in one organization, the confusion of viewpoints would break us up. But through the thorough organization of both groups we will be able to find common ground on which we can cooperate, and through cooperation we will gradually find a higher and higher level, still we eventually reach the highest level of democracy."

"Through class organization we will get together."

Medicine Class Opinions

"What is going to be the development of this group organization? How is it going to affect the social system? Each group must go on and organize

until it has reached its full strength. We want to mobilize our class opinions. We have never had a class opinion, and the consequences has been that so far as politics was concerned half of you always went to the polls and killed the votes of the other half. Could anything be more foolish? Our task is to make our class articulate. Fifteen years ago this movement in Cochrane would have been absolutely impossible because our class had no opinion and were guided by blind party prejudice. If we had a class opinion we would not need a platform around which to group ourselves. The manufacturers could not go into politics with their votes because they had no opinion. They had millions of dollars, and these dollars they expended class domination. We have not got millions of dollars with which to corrupt the votes of parliament. The only thing we have to protect our interests are our votes, and the only thing that you people in the Cochrane riding are trying to do is to use your votes intelligently. I want to say with all seriousness that the only way to save civilization is to use your votes intelligently for the protection of your rights and the rights of the common people of the country. The very classes that are trying to prevent you from voting are trying to use your votes in the defense of your rights and the rights of humanity, are the people who are doing all they can to prevent the establishment of the League of Nations, simply because the League of Nations means the end of the competitive system and the beginning of a great cooperative democracy."

"Are we organizing these groups of democratic forces to fight against each other? No. Simply that we may cooperate together. How can we meet the manufacturers and tireless out problems unless we have an organization? The classes have got to get together and solve these problems which confront them. Proportional representation does not amount to anything unless we get these group organizations so that each group can elect its own representatives in proportion to its strength at the polls. Some one group is bound to ask for something for its own selfish interest, because all groups have done that so far, but when all classes are fully organized each demands will be satisfied by other classes and these classes will be forced to get together and settle their class differences."

"What does the old party system offer us in the solution of these problems? We have tried it for 200 years and all the time the unrest and dissatisfaction of the people has grown. It offered us no hope. These parties are organizing rest on an firm foundation, but change from year to year gathering around some set of principles written for them by some autocrat at the top who speaks to the people as individuals, but when all classes are fully organized, group organization means the government of the people by the people and for the people. There is going to be a union of autocratic and a union of democratic groups. If there is anything wrong with our political effort why do they not tell us what it is and let it like men talking to men about things vital to us all. In spite of their denunciations, I believe we have started in the right way to build a new democracy, and they are simply sending their forces of confusion and misrepresentation to confuse you, and to invite you to drop back into your former low state of political servitude. Are you going to believe that the U.F.A. is not? I do not believe that you are."

TRAINS CUT OFF IN CANADA TO CONSERVE THE COAL SUPPLY

Transcontinental Cancelled Together With Thirty-Four Other Trains In The Dominion.

MONTREAL, Dec. 8.—So seriously is the coal situation affecting Canada's railways, that the crack transcontinental train of one of the largest roads is being cancelled, together with 34 other trains, involving a total saving of 15,919 train miles per week and affecting a saving of 60,000 tons of coal per year, according to the Railway Association of Canada (The Canadian Railway War Board).

With the additional cut on the Canadian Pacific Railway, the total reduction of passenger train service in Canada as a result of the 1919-20 coal strike, amounts to 24,000 passenger train miles per month, or 288,000 train miles. This represents a saving of coal at the rate of 240,000 tons per year. The reduction is equal to 1.18 per cent of the total passenger train mileage of the Dominion.

SEVERAL SEATS IN ONTARIO AWAIT PREMIER DRURY

Hon. Manning Deberry Will Be Offered South Renfrew Constituency

TORONTO, Ont., With reference to the question of seats being found for Premier Drury and the attorney-general and the minister of Agriculture, the World in its new columns says this morning:

"John Gifford will offer his seat in South Renfrew to Hon. Manning Deberry. Mr. Watson is ready to resign in favor of Hon. W. E. Hanes, in North Victoria."

"Several seats await Premier Drury. Gordon Wilson says the Tory protest of Mr. Wilson and Dufferin, are in relation to the Grenville protest of G. W. Ferguson's seat."

"Premier Drury will consider resignations only in a caucus of his party, which will be called after his return from the North."

"There is no protest in Port Arthur. There will possibly be a resignation in favor of Sir Adam Beck by Sir Gen. Don McDonald Holkirk."

NEW MANAGER IN CHARGE OF THE WAINWRIGHT STAR

Mr. Ed Chandler, leaves on Thursday evening for Wainwright, there he will meet Mrs. Chandler and family. Mr. Chandler has bought a newspaper and job plant at Terrace, B.C. The Star wishes him the best of good luck in his venture.

With the departure of Mr. Chandler, the management of the Star plant will be taken over by Mr. George Brittain, who is in charge.

Mrs. Fred Skinner, holds the local record for an 8-gallon cream shipment. Mrs. Skinner, on Dec. 6th, brought to the Meadow Creamery, an 8-gallon can of cream which yielded her 12.14. Mr. F. Skinner, when interviewed, said that he hoped that the cows would keep up the good work.

THE TEMPLE OF SILENT ART

The Elite theatre, 100, Friday and Saturday, Dec. 12 and 13, will introduce to you Dorothy Dalton in her latest Paramount production, "The Temple of Silent Art."

You are going to meet the character of the Hard Hulled King of America in the person of Deacon Simpson. The Deacon was so loud, one of the dollar sign that his eyes actually turned green, though originally they were a beautiful blue. He did not care any more about fifty cents, but the ex-kaiser cared about winning the war.

He got to care about one other thing too. Her name was Corinne Melrose (played by Dorothy Dalton). He fell for her the night he heard her sing down at the "opry house."

That happened to be the last night of the Compton Musical Company's residence. The manager beat it back to New York and left the members stranded.

At 11 here was Dorothy Dalton strangled in the town where Deaconville—Wait till you see the way she made the Deacon, loosen up! Oh, lady! He's never been the same man since. Friday and Saturday, Dec. 19 and 20.

SUNNY SOUTH SURE NEW PHOTOPLAY

"A Daughter of the Old South" Splendid Production

The sunny south, laden with scenes of orange blossoms and white pickaninies, is the scene of Pauline Frederick's newest photoplay, "A Daughter of the Old South," which will be shown at the Elite theatre next Mon. and Tues. Dec. 15 and 16. The picture was written by Margaret Turnbull from the story of Alice Ramsey and Ruth Ann to Corby, and directed by Emile Chautard, is said to have provided Miss Frederick with one of the most appealing roles she has played for many months.

Miss Frederick appears as a beautiful blonde, whose eyes are filled with light and whose laughter and tears are charmingly told by the star in a series of exquisitely heart appealing scenes. Supported by a company of beautiful players, Miss Frederick's latest starring vehicle is one of the most appealing roles she has played for many months.

HUDSON - PILKIE

A wedding of unusual interest to Edmontonians was solemnized at the residence of the bride's parents, Vernon, on the evening of Wednesday, December 3rd, when Miss Beulah Pike, Edmonton's popular and much beloved soloist, became the bride of Capt. H. A. Hudson, of the 4th Battalion, M.L.A. for Wainwright, Alta. Promptly at 9 o'clock to the strains of Lechmere's wedding march, played by Miss Helen MacGregor, the beautiful bride entered the spacious drawing room leaning on the arm of her father. Under festoons of white ribbons, by a bank of ferns, Dr. McQueen tied the nuptial knot. The happy couple received the hearty congratulations of the circle of immediate relatives and friends who were there assembled, during the strains of the register Mendelssohn's wedding march was played.

The charming bride was tastefully attired in an exquisite gown of silver cloth, draped in silk net of delicate blue and mauve. She carried a magnificent bouquet of bridal roses and sweet peas, in full uniform, the Captain looked extremely well. The bride's mother wore a handsome gown of dark mauve satin with oriental trimmings.

After the ceremony a dainty buffet luncheon was served, the table being tastefully adorned with white ribbons and tea roses. The bride carried out the time honored custom of cutting the cake, after which Dr. McQueen, in his usual happy manner, proposed the toast to the bride, to which Capt. Hudson ably responded.

Among numerous and costly gifts of linen cut glass, china and silver, all testifying to the esteem in which the young couple are held, were noted a silver gavel (treen engraved with the arms of the 4th from Major and Mrs. Weaver; two services of Royal Doulton from the bride's parents; a stainless steel silver carving set from the groom's brother; several pieces of Italian linen, the gift of Mrs. Murdoch.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save is to start a Savings Account for each child (\$1.00 each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

IMPOUNDED IN THE POUND

After two months visit at Balvane, Alberta, with his sister, Mrs. E. H. Wainwright, George W. Bricks returned on the 6th and was very elated to get back to Wainwright. He admits that a change is as good as a rest, and it is nice to be home again.

BOHN: To Mr. and Mrs. E. Stevenson, Dec. 6th, a girl, Viola Genevieve. Both mother and babe are doing fine but nothing heard of Granddaddy 'Iriska'.

Mrs. Fletcher nursed Mrs. Stevenson for a couple of days, and Mrs. Boret is nursing her this week.

U. F. A. PREPARES NEW LEGISLATION TO BE SUBMITTED
Will Ask For Better School System In The Rural Communities

Nothing has yet come to the government in the way of requests from the United Farmers for new legislation or suggestions as to what lines the usual demands upon the legislature will take this year, but it is understood that the U.F.A. is at work, nevertheless, upon its legislative program in anticipation of its approaching annual convention.

A better system of public school education for children in rural communities is one of the matters to which the executive of the farmers' association has been giving attention, and a formal resolution, it is expected, will be passed at the convention calling upon the government to make more adequate provision in that respect.

Railway improvements on the Edmonton and Dugway line will form the burden of another resolution to be passed by the annual meeting, and the result will probably be a vigorous demand upon Premier Stewart's railway department to use its influence for a removal of the present handicap, particularly in the way of shipping livestock.

The convention, which is to be held in Calgary, January 20-23, will be asked by one of the Ukrainian leaders to use its influence with the Dominion government to secure a repeal of the war-time election act. It is the desire of the Ukrainians to use their franchise, they say, as well as all other Canadians.

EDMONTON RETURNS
MAYOR CLARKE TO
TO OFFICE FOR 1920
Kinney (Labor); Ewert (Labor); Rice (Sheppard (Labor); Are Elected To Aldermanic Board

With a majority of something like 2,000 votes over his opponent, Ald. Kinney, Mayor J. A. Clarke, has been re-elected to office for 1920.

Mayor Clarke was the nominee of the Edmonton branch of the Dominion Labor Party and with him go in to office as city aldermen three other of the Labor candidates: Ald. Kinney, previously a member of the council, who headed the poll; also two old members of the council in past years, Ald. J. East and Rice Sheppard, who will now figure in its deliberations.

The Labor Party failed to elect their entire aldermanic slate, the other two vacancies on the council being secured by P. W. Abbott, who has been accorded popular favor from the start of the campaign, and Capt. J. C. Bowen. Therefore, Rice Sheppard and Capt. Bowen will comprise the two South Side Aldermen.

However, if the Labor Party failed to sweep the board entirely, they did have their own way with the school board, with Mr. McPherson leading the way for those returned. He was followed by three others who had secured the endorsement of the Labor Party—S. A. G. Barnes, J. W. H. Williams and P. Scott.

CONCERT AND DANCE
An event of great importance is going to take place at the Synagogue school on the 23rd of December, when a concert and dance will be given. The people in charge of affairs have left no stone unturned to ensure those who attend a good time. Outside talent has been secured for the occasion.

The admission is very reasonable. Adults, 75c and Children, 25c.

McClary's Kootenay
TOP, bottom and all four sides of the Kootenay oven are evenly heated. That is why it is so famous as a dependable baker. There is a thermometer, too, to tell whether the heat is right or not.
No range is quite so easily managed. Double gets clear the whites at a single turn. Turned cooking top never needs blacked. Nickeled steel oven walls are kept clean with a damp cloth. Well-fitted joints and damper hold the fire and the oven heat—for hours.
Let us show you the Kootenay.

The Palace Billiard Hall
SERVICE FIRST
You will find us always at your service.
It has been and is now our aim to make this a good place for you to buy your tobacco, not only in the class of tobacco carried and the selling of the same at reasonable price, but also the service which pertains to the handling of the goods.
OUR STOCK IS LARGE
By having a big stock we are in position to satisfy almost any customer and by keeping clear of cheap goods we can recommend to you any articles which you may purchase from us.
OUR PRICES ARE REASONABLE
Many times have people from other districts told us that our prices are lower than in their home town. This is largely due to the fact that when prices were soaring we put in a large stock and at times were selling some lines of goods lower than wholesale prices.

CURLER'S BALL WAS A SPLENDID SUCCESS

On Wednesday evening, the Wainwright Curling Club held their opening ball, and to say that it was an "affair de luxe" would be putting it mildly.

The Elite Theatre which had been secured for the occasion was taste fully decorated with brooms, staves and hanting. Two features worthy of special mention was the "Tom and Jerry" bowl, which was cut out of a solid block of ice, and the trophies, which go to show the prowess of the Wainwright curlers, which decorated the front of the stage. Congratulations are due the decoration committee for the way they handled their part of the programme.

Promptly at 9 o'clock the strains of the orchestra were floating across the floor and then the first dance taken by the happy couples, comprising some of Wainwright's youth and beauty.

At the hour of 12 midnight, refreshments were partaken of. At 12.30 a telegram was read out to those assembled from Capt. and Mrs. G. L. Hudson, wishing the curling club's ball every success. At 2.15 a moonlight waltz was staged, which was very spectacular. At 3 a. m. the guests began to leave for home and at 3.30 nothing was left but the fragments of a very enjoyable evening. The curling club is to be congratulated on having such able committees in charge of affairs, which all helped to make the ball the success it was.

Among those present from outside points, were: Miss M. McAllister Edmonton; Mr. and Mrs. Huntington; Edmonton; Mr. N. L. Cook, Edmonton; Miss Tilly, Irma; Mr. Jones, Irma; Mr. Boyd and Ed. Hopley of Edmonton; and also Mr. B. Hunter of Irma.

BACK ACHE

Linger Up With Penetrating Hamlin's Wizard Oil

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lamboago is Hamlin's Wizard Oil. It penetrates deeply, drives out soreness, and limbers up stiff aching joints and muscles.
You have no idea how useful it will be found in cases of every day ailment or mishap, when there is need of an immediate healing, antiseptic application, as in case of sprains, bruises, cuts, burns, bites and stings.
Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.
Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.
